Important information

The following Gulmarg Heliski Powder Shot prices are effective as of 31 July 2009, for the 2010 heliskiing season. All prices are quoted in Euros and are subject to change without notice. Prices are per person per heli lift (min 4 persons) from Kongdori - Seven Springs - Gulmarg Gondola mid-station 3,000m to the Sunrise or Sunset area which is over 4,000m. Our Gulmarg Powder Guide will ski with you to Drang Valley at approx 2,000m for taxi pick up and transport back to Gulmarg.

For maximum vertical descents you may book multi runs per day, or multi days including the number of runs you wish to do per day. The price is the same per heli lift - you decide how many you want! Our helicopter will pick up your group of 4 and guide from Drang Valley. We require a min of four persons per heli lift, either by your group organization, or we will match you with a group if available. We are limited to 20 heli guests per day, therefore early booking is essential.

If due to weather conditions we cannot fly on the day you have booked your booking will automatically “roll-over” to the next available day - usually the next day. Your booking is fully re-fundable if we are not able to fly due to weather conditions or mechanical breakdown.

We want to ensure you get the heliskiing that you have booked and paid for, and that you can fully enjoy your Gulmarg Heliski powder experience.

We are happy to help you with advice on planning your trip to Kashmir!
